If such fur dealer resides in or if his or its principal place of business is within the state of Montana, he or it shall be deemed a resident fur dealer. All other fur dealers shall be deemed nonresident fur dealers.

DESTROYING BEAVER AND MUSKRAT HOUSES: It is unlawful for any person to willfully destroy, open or leave open, or partially destroy a house of muskrat or beaver, except that this shall not prohibit trapping in the house of muskrats when authorized by the Commission.

CLOSED TO ALL TRAPPING: Portions of Little Willow, Big Willow, and Ford Creeks in Lewis & Clark County as posted. All National Parks, National Wildlife Refuges, and Indian allotted or tribal lands except as otherwise specified. Permits to trap on National Wildlife Refuges may be issued by the Refuge Manager. For trapping privileges on other than Blackfeet, Cheyenne, and Flathead Indian Reservations, see local agency in question.

ALL STATE GAME PRESERVES ARE OPEN TO TRAPPING

PLEASE NOTE: A number of fur-bearing animals have been ear tagged for scientific study. If one of these animals is captured, please notify the nearest game warden or regional office of the tag number or numbers and the locality of the capture.

It is suggested that all traps be checked at least once every 48 hours.

Trapping on Department of Fish & Game lands will be allowed by written authorization of the Area Manager or a department employee on lands not having a resident manager.

Please note the law change on landowners being allowed to trap beaver on landowner's permit.

WOLVERINE ANNUAL RULE

The Department of Fish and Game participating in investigations on wolverine, a species of nongame wildlife, finds it necessary to promulgate the following rule as provided in Section 26-1804 and 26-1807, in order to develop biological and ecological data to determine management measures necessary for the wolverines' continued ability to sustain themselves successfully.

By order of the Montana Fish and Game Commission:

Wolverine taken alive must be reported within ten (10) days of the date of capture. The live wolverine must be kept at a reported location for a period of thirty (30) days during which time the wolverine shall be available for inspection and measurement and such other data gathering as is necessary by Department of Fish and Game personnel.

Wolverine which are killed by any person must be reported to the nearest Department of Fish and Game employee within twenty (20) days of such taking. In addition, the hide must be presented for tagging and the entire carcass must be turned over to the Department of Fish and Game and shall remain the property of the state.

LIMIT: One wolverine per person per year.

SEASON: December 1, 1978, through February 28, 1979.

It is the intent of this rule that every wolverine killed or captured shall be reported to the Department of Fish and Game and made available for biological study as necessary to meet the requirements of the provisions of Section 26-1804.
